# #ErasmusDays 2025 in Mardin: A Journey Through the Spirit of Time

We successfully held our 2025 #ErasmusDays National Event in Mardin on October 15<sup>th</sup>.

Within the framework of the Erasmus+ Programme, students from Harran University, Dicle University, and Mardin Artuklu University, together with international students who had previously benefited from the Programme, came together in Mardin — the meeting point of cultures.

As part of the event, participants visited Mardin's prominent historical and cultural landmarks, including the Deyrulzaferan Monastery, Kasimiye Madrasa, Mardin Great Mosque, Covered Bazaar, and Old Mardin. These visits provided a valuable opportunity to explore Türkiye's rich cultural heritage and engage in intercultural exchange with peers from diverse backgrounds. Moreover, by tasting traditional dishes the international guests also discovered the flavors of Mardin. The event transformed into a symbolic **journey through the spirit of time**, reflecting the harmony of diverse cultures, beliefs, and histories that define Mardin's identity.

We extend our sincere appreciation to Mardin Artuklu University for their warm hospitality and fruitful cooperation in this meaningful event, which was organized to celebrate the spirit of Erasmus+, foster intercultural understanding, and unite participants around shared values.

In the heart of Mardin's ancient lands, the Erasmus+ spirit was not only celebrated, but also it was genuinely felt through new friendships, shared discoveries and a common belief in a more connected and inclusive Europe.

**This year, #ErasmusDays 2025 reached a global 10,324 events, with Türkiye contributing an impressive 2,884 events, reaffirming its strong commitment to the spirit of Erasmus+.**

Several face-to-face and virtual meetings held for preparations of the national #ErasmusDays event;
